## Editing your patient information

How do I edit my patient's information if my patient is already active?

Written by Sharmeen Roy, PharmD, BCPS

Updated over a week ago

Editing your patient's information can be as simple as a few clicks! To get started with editing a patient, simply select the patient you would like to edit to open the patient preview. Then select the pencil on the right-hand side of the patient preview to edit your patient information.
