# Resetting Your DoseMeRx Password

Forgot password, resetting your password in DoseMeRx

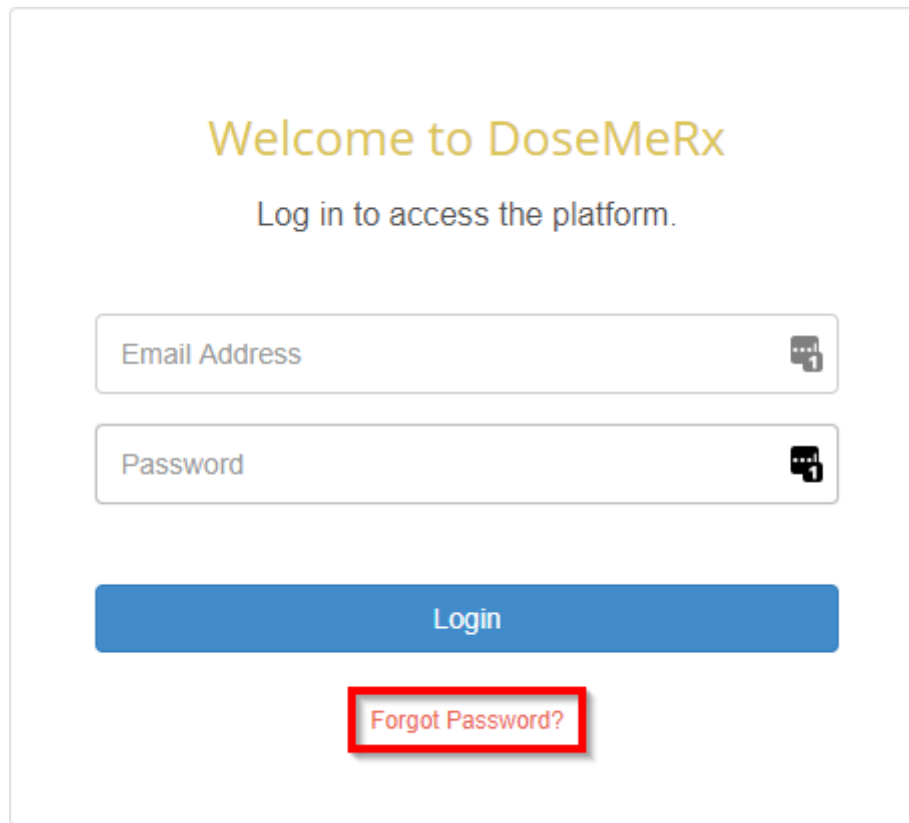

Written by Sharmeen Roy, PharmD, BCPS

Updated over a week ago

## Forgot Password

If you don't know your password head to the [login](#) page and click the 'Forgot Password' link. This will send email or SMS instructions to reset your password.

The image shows a login interface for DoseMeRx. At the top, it says "Welcome to DoseMeRx" in a large, bold, yellow font. Below that, in a smaller blue font, it says "Log in to access the platform." There are two input fields: "Email Address" and "Password", both with a small icon of a speech bubble and the number "1" to their right. Below the input fields is a blue "Login" button. At the bottom, there is a red-bordered button labeled "Forgot Password?".

Welcome to DoseMeRx

Log in to access the platform.

## Resetting Password inside DoseMeRx

If you know your password and would like to change this, once logged into DoseMeRx, click on your name in the top right hand corner of the screen. Here you will be able to set your new password.

## Update your Account

Hello Dr McCallum, you are currently logged in at the Demonstration Hospital.

Email	<input type="text" value="holly.mccallum@doseme-rx.com"/>
Title	<input type="text" value="Dr"/>
Given Names	<input type="text" value="Holly"/>
Family Names	<input type="text" value="McCallum"/>
Department	<input type="text" value="Pharmacy"/>
Password	<input type="password"/>
Password Confirm	<input type="password"/>

**Tip:** If you don't want to change your password, leave the password fields blank.
